JOB OFFERS

## Senior/Operations Technician

As a Operations Technician, your responsibilities for ecological solutions will involve:

- Operating Both Hot and Cold DCS console which include process monitoring and parameter adjustment in order to achieve production target without any safety issues or non-compliance.
- Studying processing schedules, engineering recommendations, lab analysis results to determine sound changes in process unit control.
- Recording and compiling DCS operating data for monitoring purpose and take necessary actions if any deviation or abnormalities observe.
- At a time, go to the site to do site monitoring and observe flame pattern at the incineration unit in order to optimize the production process
- Coordinate start-up, shut-down and normal operations/maintenance activities with Operation Supervisor and Operation Technician
- Perform basic calculations for determining process parameters and material balances
- Safety is a core value at Veolia, and a pre-condition for employment. You are expected to uphold the Veolia Always Safe rules and set an example to all colleagues in your daily work routine.
- Ethics and compliance are two areas where our rules and our standards are strictly non-negotiable. You are expected to stick to ethics and compliance rules and standards which ultimately mean doing your job properly and conducting our business like true professionals, whatever our missions and our place in the Group.

The required criteria to fulfill these qualifications are:

- Minimum GCE 'N' Level certification with relevant work experience
- Experience in ISO-tanker unloading, incineration system, waste heat boiler system, and water treatment operations will be added advantages
- Candidates with Manage Working at Height Training Certificates and Accessor Work Inside Confined Space Training Certificate is a plus point
- Candidates with class 1/2 boiler cert, fire fighting training certificate, Site Incident Commander (SIC) certificate and had experience as part of CERT team members are encouraged to apply
- Must be prepared to do either in rotating shifts or normal day working hours, overtime, weekends and Public Holidays depending on schedule assigned
